Setting Parent Alerts In FACTS

If you would like to customize the type/frequency of student progress reports sent from FACTS you can change your preferences in the Family section of the homepage. Select Family Home, then select the pencil symbol on the top right corner of the preferences box. Scroll down to the area that shows the Custodial Parents and select the Custodial Parent Form button. Each parent has the ability to customize their individual preferences. When the form opens you'll need to scroll to the bottom where you'll see the customize buttons. You can select the frequency of gradebook alerts at the top of the list (Never/Daily/Weekly) and turn on/off the information you would like to share in the directory on the website. Please contact the school office if you have any questions.
