Keeping Our *FBA Family* Healthy Together!

As we welcome everyone back from summer break, we know that the return to school also means the return of sharing germs! With students spending more time together, it is inevitable that illnesses will make their way through our classrooms from time to time.

We kindly ask all families to help us keep our school community as healthy as possible by following our illness policy.

Please do not send your child to school if they have had a fever, vomiting, or diarrhea within the past 24 hours.

Children should be symptom-free **without medication** for a full 24 hours before returning to school.

Keeping children home while they are experiencing symptoms helps them recover more quickly and helps prevent illness from spreading to classmates, teachers, and families.

Thank you for partnering with us and doing your part to keep the **FBA family** healthy and safe. We appreciate your understanding and cooperation as we start another wonderful school year together!
